When other ice melting agents can't cut it, Hot Stuff Ice and Snow Melter (Calcium Chloride Flake) can. Conditions that stop other deicers cold are no match for Hot Stuff Ice and Snow Melter. Hot Stuff Ice and Snow Melter does the work for you, making it easy to keep walkways and parking lots safe and clear. Hot Stuff Ice and Snow Melter, with its “exothermic action”, generates a great deal of heat when pulling moisture out of the air to form the brine solution necessary to melt the surrounding snow and ice. Hot Stuff Ice and Snow Melter is a year-round product! Other major uses include:

**1 Dust Control:** Contractors and road crews use Hot Stuff Ice and Snow Melter on construction sites, dirt roads or wherever dust is a problem.

**2 Curing Concrete:** Hot Stuff Ice and Snow Melter is widely used in Ready-Mix concrete, providing for a faster and better cure.

**3 Hydroinflation Additive:** Hot Stuff Ice and Snow Melter is used to improve traction, allowing greater pushing and pulling capabilities along with providing protection from freezing down to -25°F.

When used as directed, Hot Stuff Ice and Snow Melter should not harm concrete or vegetation. It also will not leave an unsightly, powdery white residue. Choose the ice melt backed by a company established back in 1928 that prides itself on high quality products with a focus on customer satisfaction, service, and convenience.
