PREMIUM ANTHRACITE COAL

NUT • PEA • RICE • STOVE

**ANTHRACITE COAL IS A PREMIUM, CLEAN-BURNING,
HARD COAL MINED OUT OF PENNSYLVANIA.**

It is one of the most economical fuel and heat sources in the world today. Anthracite Coal produces the lowest cost per BTU and more consistent, even heat, compared to other fuel sources available.

**Anthracite Coal burns very warm and clean,
producing no dirty soot or particle build up.**
