Dynamic performance comes to us naturally.

**Uh-oh!** Better Get the Qik Joe!™

## About Us

In 1929, Carmen Milazzo traveled the streets of Pittston Township, Pennsylvania, selling fruits and vegetables from his horse-drawn buggy. He was a kind and friendly businessman who was well respected by his customers.

In 1943, the Milazzo family opened the largest hardware store in Pittston, Pennsylvania. The store was fully stocked with paint, carpentry supplies, and bagged coal.

Significant growth of the family business during the 1940s and 50s led the Milazzos to open a coal-bagging plant to meet the increasing demands of their customers.

In the early 1950s, Joe Milazzo introduced instant light charcoal to the world. The product was a true innovation for its time.

Sam Milazzo expanded the manufacturing business in 1969 to include Qik Joe Ice Melt, which quickly became one of the most recognizable ice melts in the industry.

Today, the Milazzo family is known world-wide for their vast array of high performance ice melting products.

Innovation, flexibility, understanding, and a firm commitment to customers are the key elements that distinguish Milazzo Industries from the competition.

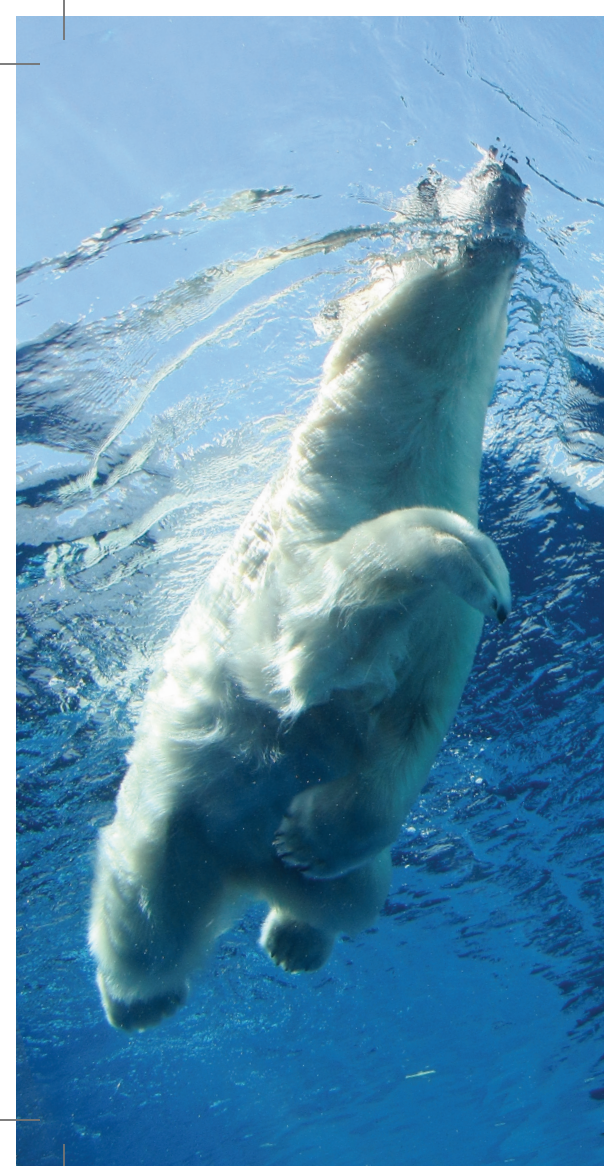

## Our Family of Products

Qik Joe.....	4
Polar Express .....	5
Safe Pet.....	6-7
Safe Pet Ultra .....	6-7
Peladow .....	8
Hot Stuff .....	8
Quad Melt .....	9
Quad Melt Ultra.....	9
Mountain Pass.....	10
Sure Grip .....	10
Lake Shore .....	11
Qik Heat Crystals .....	11
Qik Heat Liquid Rock Salt .....	11

## Qik Joe™ Ice Melt

- Calcium Chloride Pellets
- The most effective deicer on the market
- Generates heat on contact
- Spherical shape bores straight through ice
- No powdery white residue when used as directed
- 9 lb. easy-pour shakers, 10, 20 and 50 lb. poly bags, 40 lb. plastic pails, 50 lb. cartons, 100 lb. Enviro-drums
- Works effectively in temperatures down to -25°

## Polar Express

- High Performance Calcium Blend melts ice at lower temperatures
- Calcium encapsulated medium grade solar salt enhanced with calcium chloride flake
- Safer for the environment
- 10 lb. easy-pour shaker, 10, 20 and 50 lb. poly bags, 45 lb. plastic pails, 50 lb. cartons, 100 lb. Enviro-drums, 2,000 lb. Super Sack
- Works effectively in temperatures down to -15°

**PROVEN  
SAFE FOR  
PETS!**

## Safe Pet Ice Melter

- Environmentally friendly
- Non-toxic Propylene glycol encapsulated urea
- Formulated with a blue green color indicator for even coverage
- For use on driveways, sidewalks and parking areas
- Non-corrosive
- Prevents ice and snow from re-bonding
- Will not burn or cause irritation to paws or pet's digestive system
- 8 lb. easy-pour shaker, 20 lb. poly bags, 2,000 lb. Super Sack
- Works effectively in temperatures down to -0°

## Safe Pet Ice Melter "ULTRA BLEND"

- For use on sidewalks, driveways, and parking area etc.
- Environmentally friendly
- Non-toxic Propylene glycol encapsulated potassium chloride
- Prevents ice and snow from re-bonding
- Effective at lower temperatures
- Formulated with a green color indicator for even coverage
- Will not pollute local water source
- 10lb Easy-pour shaker, 20lb Poly bags, and 2000lb Super Sack
- Works effectively in temperatures down to -0°

## Peladov

- Calcium Chloride Pellets
- The most effective deicer on the market
- Generates heat on contact
- Spherical shape bores straight through ice
- No powdery white residue
- Safe on grass, shrubs, plants and concrete when used as directed
- 25 and 50 lb. pail and 50 lb. poly bags
- Works effectively in temperatures down to -25°

## Hot Stuff

- Calcium Chloride Flake
- Highly effective snow and ice control
- Generates heat on contact
- Small "cornflake" shape melts ice horizontally
- No powdery white residue
- Safe on grass, shrubs, plants and concrete
- 10, 20, 50 and 100 lb. poly bags, 2,000 lb. Super Sack
- Works effectively in temperatures down to -25°

## Quad Melt

- Formulated using Quadramax technology to maximize product performance and safety
- Non-toxic, propylene glycol encapsulated blue/green medium grade solar salt enhanced with CMA (Calcium Magnesium Acetate)
- Melts ice on contact
- Low corrosive properties
- 50 lb. poly bags, 50 lb. cartons, 2,000 Super Sack
- Works effectively in temperatures down to -0°

## Quad Melt Ultra

- Formulated using Quadramax technology to maximize product performance and safety
- Non-toxic, propylene glycol encapsulated pink medium grade solar salt enhanced with CMA (Calcium Magnesium Acetate)
- Melts ice on contact
- 50 lb. poly bags, 50 lb. cartons, 2,000 Super Sack
- Works effectively in temperatures down to -0°

## Mountain Pass

- High Performance Magnesium Blend melts at lower temperature
- Magnesium encapsulated medium grade solar salt enhanced with heat-generating magnesium chloride crystals
- Formulated with a green color indicator for even coverage
- Safer for the environment
- 50 lb. poly bags, 50 lb. carton, 2,000 lb. Super Sack
- Works effectively in temperatures down to  $-10^{\circ}$

## Sure Grip

- Environmentally friendly
- Calcium encapsulated medium grade solar salt enhanced with calcium chloride flake and traction control crystals
- Prevents ice and snow from re-bonding
- Fast, effective ice melting compound
- An economical alternative
- 20, 50 lb. poly bags, 45 lb. plastic pails, 2,000 Super Sack
- Works effectively in temperatures down to  $-5^{\circ}$

### Lake Shore

- Calcium encapsulated sodium chloride enhanced with calcium chloride flake
- Safety-Max Formula melts at lower temperatures
- Safer for the environment
- Contains heat generating ice control crystals which ensure product performance in lower temperatures
- Melts ice on contact
- Works below 0° F
- 20 and 50 lb. poly bags

### Qik Heat Crystals

- Magnesium & all natural corn by-product encapsulated sodium crystals
- Safer for the environment
- Superior penetration of snow and ice
- Melts ice on contact
- Less corrosive
- Fast and effective
- Works below 0° F

### Qik Heat Liquid Rock Salt

- Professional Strength
- Leaves no White Residue
- Environmentally Safe & Biodegradable
- Melts 7X faster than Rock Salt
- Melts ice on contact
- Less harmful to concrete surfaces
- Use as a pre-treat before a storm
- Exo-Thermic (heat generating) ice melter
- Keeps dust "down" on unpaved roads
- 1, 2.5, 5 gallon pails, 55 gallon drums, 275 gallon totes, and tanker trucks

We also provide:

- Bagged Rock Salt
- Bulk Rock Salt
- Solar Salt
- Bagged Coal
